ANKUSH CHAVAN

SENIOR ENGINEER

📱 +91 8888-8283-47   ✉ ankushchavan0411@gmail.com   🏠 Pune – India

Software and Application Design & Development Professional with over 4+ years of experience; targeting similar roles with some reputed organization to enhance skill set and contribute to the success of the organization promoting mutual growth

🎓 Education

2019
M.Sc. – Computer Science
Dr. B.A.M. University, Chhatrapati Sambhaji Nagar
76.9%

2017
B.Sc. – Computer Science
Naik College, Chhatrapati Sambhaji Nagar
70.4%

Core Competencies

- Frontend Development
- Software Development & Engineering
- Coding, Designing & Testing
- Requirement Gathering
- Incident Resolution
- Project Management & Execution
- Root Cause Analysis
- Escalation Management

👤 Profile Summary

➤ High-energy driven professional with **expertise experience of 4+ years** and capabilities in Website Application Development using **Frontend Development & Technologies**

➤ Currently associated **with Movate as Senior Engineer**; wherein developing and maintaining websites applications

➤ Skilled in **Software Development Lifecycle (SDLC) right from requirement analysis, documentation (functional specifications, technical design), coding and testing** (preparation of test cases along with implementation) to maintenance of proposed applications

➤ Gained **exposure on process requirements and provided use cases for business**, functional & technical requirement

➤ Developed **software solutions by studying information needs, conferring with users, studying systems flow, data usage, and work processes**

➤ Liaised with users for **requirement gathering**; prepared functional specifications and low-level design documents

➤ A **quick learner in mastering new technologies**; capable of working in both team and self-directed settings

➤ Effective in **analyzing bug patterns and provided insights and practices** to the development team for prevention of high priority/severity bugs

➤ Hands on **Frontend Development and tracking of performance of websites** in terms of insights and reach

➤ A natural problem-solver with a mind for design and troubleshooting

➤ An effective communicator with relationship management skills with the capability to relate to people at any level of business and management

⚙ IT Skills

React, Next JS	**Jest, Selenium**	**JIRA**	**Bootstrap**
Redux - Thunk	**Mocha**	**GIT**	**Material UI**
Redux - Saga	**RTL, Jasmine**	**Bitbucket**	**Webpack**
JavaScript	**Enzyme**	**SVN**	**ES-lint**
Typescript	**HTML5 & CSS3**	**CI/CD Tool**	**Sentry, Relic**

🏆 Achievements

Bagged "Bright Spark" by Apexon Pvt. Ltd. – Jul'22

Achieved "Pat on Back" twice by Infostrectch Pvt. Ltd. – Jan'22 and May'22

Received "Star of the Month" twice by Neosoft Technology – Dec'20 – May'20

💼 Internship

Techinvento (Now SDLC Corp Pvt. Ltd.), Chhatrapati Sambhaji Nagar
Dec'18 – Jun'19
Intern Software Engineer

- Developed new user-facing features using React.js
- Built reusable components for future use
- Optimized components for maximum performance across a vast array of web-capable devices and browsers
- Translated designs and wireframes into high-quality code, ensuring adherence to SOP's and guidelines of the project and organization

👤 Personal Profile

- **Date of Birth:** 11th April, 1993
- **Languages Known:** English, Hindi and Marathi
- **Address:** Hinjewadi, Pimpri Chinchwad Pune, Maharashtra-411057

💼 Work Experience

Since May'23 | Senior Engineer | Movate formerly CSS Corp, Bangalore

- ➔ Developing and directing software system validation and testing methods
- ➔ Implementing new features and improvising the existing ones
- ➔ Directing our software programming initiatives
- ➔ Documenting software solutions through flowcharts, layouts, diagrams, charts, code comments and clear code
- ➔ Formulating solutions for given technical specifications; installing application software and deploying customizations; contributing to code reviews
- ➔ Working closely with cross-functional departments to communicate project statuses and proposals
- ➔ Monitoring system performance
- ➔ Creating innovative solutions to meet the company's technical needs
- ➔ Testing new software and fixing bugs
- ➔ Migrated the old 'Legacy' code base to a whole new code base powered by the NextJs framework

Jul'21 – May'23 | Senior Engineer | Apexon, Pune

- ➔ Developing and directing software system validation and testing methods
- ➔ Implementing new features and improvising the existing ones
